

Patient Requested Lab Tests

PAY AT TEST TIME AND TAKE CONTROL OF YOUR RESULTS

Lab tests can help you monitor certain health conditions and help you better communicate with your physician about your health. The Regional Medical Center (RMC) offers Patient Requested Lab Tests at five convenient locations. *All tests must be paid for up front with cash, check or credit card.* Health insurance will not be filed.

Your lab test results will be mailed directly to you within two business days from the day your test was completed. All test results will be reviewed, and if your results are significantly abnormal, you will receive a call to discuss them.

For more information on Patient Requested Lab Tests:

803-395-2802
